Final Note by the First Member of Council.

Subject:—

Fixing the normal capital programme of the State for a period of five or ten years and the method of financing productive works.

---

1. The question of fixing the normal programme of capital works for a series of years and the method of financing such works has been under consideration for some time

2. The Finance Committee have carefully considered the matter in a meeting held on the 30th March 1918 and have formulated the following proposals for the orders of Government.

(1) The normal programme of capital works for the next five or ten years to be fixed at 70 lakhs per annum as shownbelow:-

Railways:	20 lakhs as already decided in G.O.No Rs 3425-3430/Ry.F.G.42-16-17 dated 15.5.1917.
Irrigation:-	20 lakhs.
Electrical works and ordinary industrial works.	20 lakhs.
Contribution to Industrial Development Fund	10 lakhs.
	70 lakhs.

(2) Other special and large industrial productive works requiring heavy outlay such as Iron scheme and Bhatkal Project to be financed separately by separate loans raised for the particular purpose.

(3) The normal provision of 70 lakhs required for capital expenditure to be met in the first instance from the reserves and credit balances under departmental heads to the extent of 40 to 50 and the balance to be obtain-

obtained by a process of steady borrowing preferably within the State.

Draft for approval
Page 8 of Office Notes

3. A draft order prepared on the lines of the Finance Committee's recommendation has been agreed to in Council on the 26th August 1918.

4. This order is in the shape of an estimate and will be very useful. Changes will be necessary as time goes on but the order now to issue will enable us to deal with each exceptional case separately, on its merits.

5. The resolution of the Council may be approved. The order is to be communicated only to the Secretaries concerned and the Comptroller.

O r d e r--No. R 2150-3 Gf 186-15-5

Dated Bangalore, 24 Oct 1918.

The question of fixing the normal -- capital programme of the state, and the method of financing productive works has been under the consideration of Government for some time.

2. The programme of capital expenditure is at present varying from year to year ~~and~~ depending on the urgency and -- usefulness of the works undertaken, the rapidity of their execution and the extent of the funds that can be made available - for them on a consideration of the Ways - and Means position of the State at the -- time of the preparation of the budget.

3. In the scheme of Financial Settlement sanctioned in Government Order No. R: 6779-829 dated 13-5-1918. provision has been made by -- setting apart in the revenue account of -- each year definite sums to form the interest - --

interest and sinking fund reserves with a view of undertaking a liberal and - - continuous programme of capital expenditure that may be required for the development of the ~~natural~~ natural resources of the State.

4. It is now necessary to determine what the normal programme of capital expenditure should be from year to year and - how much expenditure should be financed.

5. On a careful review of the - -- financial position and the demands of the ~~xxxx~~ several departments for funds on productive works, Government are -- pleased to pass the following orders. -

(1) The normal programme of capital works for the next five ~~years~~ years may be fixed at 70 lakhs per annum as shewn below:-
